

Goal #1: Student Achievement and Technology

Goal Statement: Ensure lessons are delivered to students at their instructional, independent, and challenging levels.

Objectives:

- Ensure rigor at each level
- Improve the use of flexible grouping based on mastery
- Foster students abilities to innovate, create, analyze and develop ideas from ideation to activation
- Ensure all students are ready for high school
- Leverage technology to improve student achievement

Goal #2: School Climate and Culture

Goal Statement: Create a unified school district that embraces diversity, values academic achievement, and encourages community pride

Objectives:

- Create a unified school district
- Incorporate diversity among staff members
- Promote a positive image of the district
- Celebrate our diversity

Goal #3: Communication and Parent /Community Partnerships

Goal Statement: Ensure effective communication between home, school, and community in order to build strong partnerships.

Objectives:

- Monitor new website/parent portal to see if it meets our needs and is easy to navigate
- Increase events with parents and school
- Increase parent participation in events through Parent Group communications
