Do you like to listen to all kinds of music?

Do you like to doodle, draw, and write stories?

Do you like to use your imagination to create stories?

CARTUNES

with Mrs. Wolf-Smith

If you like to listen and dance to music, doodle and draw, and write original stories, then CARTUNES is for you!

Students will move and groove to many different music genres, and sketch characters based on what the music makes them feel and think about. Next, students create comics based on their characters. Following comic design, students will stretch out their ideas by writing original stories.

Along the way, students will work on understanding character development, creating a story plot, editing and revising their writing and how to present their original work to the world.

Students are invited to join Mrs. Wolf-Smith for this creative adventure on the following days and times, July 12-August 12

Kindergarten: Mondays and Wednesdays, 9-10am
First Grade: Mondays and Wednesday 10-11am
